

Connor Jakobschuk, BA, MBE

Consultant

Connor joined Watson in 2019, as part of our Municipal Finance group. He participates in numerous development charge background studies, water and wastewater rate studies and user fees reviews projects with the development of quantitative models and research.

Connor has a strong background in economics and statistics. His academic and professional experience with Statistics Canada has allowed him to develop skills in writing and presenting formal methodologies, developing creative data modelling, statistical analysis, and managerial accounting.
